A navigation light not working? Odd tachometer readings or unexpected oil pressure or engine temperature readings?  
Check the wiring and connectors first!

Solve the problem with new connectors and/or cable. *Don't make splices with electrical tape.* Do it right with our electrical connectors. We have most sizes and styles including those with heat-shrink sleeves.

We also stock a wide variety of marine wire—18 ga. to #2 in most colors—as well as marine duplex and triplex cable.

**Interstate**

The tough battery made for marine use. Starting and Deep Cycle Batteries from just \$84.99 plus a core deposit

**Battery lugs and quality battery cable**  
Make your own battery cables with lugs, terminals and cable from #3 to 3/0.

Want to crimp those big battery lugs on right? Buy your lugs or cable from us and we'll lend you this crimper.
